LeRoy,
What else does Amandeep need for Lonestar do you know?
Thanks,

Sounds good, Terry. I will plan on submitting a draft proposal to you by the end of this week assuming I receive additional information from LeRoy this week. If there are any delays, I will keep you posted.

Thanks,
Amandeep

Sounds good. We're okay with writing amendments as they trickle in, although for this first one I'd like to include the South Tanks 1 and 6 waste and the other wastes (Lonestar) that you should get later in the week.

Thanks,
Terry

Good morning Terry,

I received quantities and pricing information from LeRoy for waste disposal for South Tanks 1 and 6 on Friday. This work will be conducted by Clean Harbors, who I got added to the HSP late last week. I am working up a proposal for this waste and should be able to get a draft to you by tomorrow, if not sooner. LeRoy is supposed to provide additional information for other wastes (subcontractor: Lonestar Ecology) later this week, and I can do another proposal at that time for those wastes. Let me know if you are ok with doing several proposals/NSWA's as the information trickles in or wait for a week or so to get more disposal costs added to the initial proposal. At this point, with the information I have, I can only prepare a proposal for South Tanks 1 and 6.

Thanks,
Amandeep

Amandeep,

I need a status update please. I'd like to get our waste disposal work order going.

Thank you,

Terry
